

### Bob Greco – Biographical Info

Bob is Group Director of Upstream and Industry Operations for the American Petroleum Institute (API), a national trade association representing 400 companies involved in all aspects of the petroleum and natural gas industry. Prior to this position, Bob was Director of Policy Analysis at API, and over his 16-year career at API he has also managed issues such as climate change, marine transportation, refining, the production of gasoline and jet fuels, and the implementation of the Clean Air Act.

Before API, Bob was an environmental engineer with the U.S. Environmental Protection Agency with expertise in automotive emission control technologies. Bob has a M.S. degree in Environmental Engineering from Cornell University and a B.A. in Biology from Colgate University.
